

Array Networks Expands into Sri Lanka with Premium Partner VS Information Systems

BANGALORE / MUMBAI, India – April 10, 2012

[Array Networks Inc.](#), a global leader in optimized application access, security and delivery, today announced the launch of its operations in Sri Lanka. Array Networks has appointed V S Information Systems (VSIS) as their premium partner in Sri Lanka. VSIS will carry Array Networks complete line of application delivery networking products and solutions in the Sri Lankan markets.

Products:

- AG Series secure access gateways
- APV Series application delivery controllers
- WANVelocity Series WAN optimization controllers

Solutions:

- AccessDirect™ secure remote access SSL VPN solution
- DesktopDirect™ secure remote desktop access solution
- Array's application delivery networking solution for Microsoft® Exchange Server 2010
- Array's application delivery networking solution for Microsoft® Lync™ Server 2010
- Array's application delivery networking solution for Microsoft® SharePoint® 2010

With this partnership, Array Networks will strengthen its base in the top-end of the enterprise market in Sri Lanka. Speaking about the appointment, **Mr Shibu Paul, National Sales Manager - India at Array Networks** said *"We have immense confidence in VSIS. They are one of the – leading distributors in the Sri Lanka market and their reputation is very good. Their understanding about new technologies was another plus point on why they were selected. The Sri Lankan markets are very mature to accept Array's technology rich products and solutions."*

VSIS group is a proven and experienced distributor in the markets of Sri Lanka. VSIS are technically very sound and financially backed by the VSIS group. V S Information Systems founded as a part of VS Group of companies, aims to provide Information and Communication Technology (ICT) solutions and services to the Sri Lankan market using the best technologies and skills available in the global ICT industry.

Speaking about the tie up with Array, an excited **Priyanga Gunasekera, CEO at VSIS** said, *"It's delightful to be part of Array Networks family. We understand the Sri Lankan market and we are confident to pick up the challenge of distributing Array's wonderful products & solutions in our market. We would require a lot of support from Array Networks and they are committed to assist us in the same."*

###
