Array Networks Joins the Cisco Solution Partner Program

Milpitas, CA – November 8, 2016 – Array Networks Inc., a leader in application delivery networking, announced that it has joined the Cisco® Solution Partner Program as a Solution Partner. As a member of the Cisco Solution Partner Program, Array Networks will be able to quickly create and deploy solutions that enhance network capabilities, performance and management in order to capitalize on the value of application-centric infrastructure.

"We are focused on helping businesses adopt Application-Centric Infrastructure (ACI) in their datacenters and private cloud environments," says Paul Andersen, Sr. Director of Marketing at Array Networks. "Working with Cisco will help Array Networks provide customers with a dynamic and automated approach to implementing Layer 4-7 application services."

The Cisco Solution Partner Program, part of the Cisco Partner Ecosystem, unites Cisco with third-party independent hardware and software vendors to deliver integrated solutions to joint customers. As a Solution Partner, Array Networks offers a complementary product offering and has started to collaborate with Cisco to meet the needs of joint customers.
